PROFESSIONAL EXPERIENCE

Front End Developer
June 2022 - Present

Aryson Technologies

Aryson Teams   **Aryson** ↗

- The website showcases products with high-quality images and detailed descriptions, enhancing customer engagement.
- User-friendly navigation allows customers to easily find and browse products across different categories.
- The site is optimized for mobile devices, ensuring a seamless shopping experience for users on the go.

Cigati Team   **Cigati** ↗

- The website features an intuitive layout created with HTML and CSS, making it easy for users to navigate and explore product offerings.
- Advanced filtering options, implemented with JavaScript, allow customers to quickly find products based on their preferences and needs.
- Responsive design, powered by Bootstrap, ensures that the site provides a smooth shopping experience across all devices, from desktops to smartphones.

Sysinfo Team   **Sysinfo** ↗

- We focused on keeping navigation simple and intuitive for easy access to information.
- We ensured the website looks great and works well on all devices, including mobiles and tablets.
- We prioritized engaging and informative content that truly adds value for visitors.

Drs Team   **DRS** ↗

- We decided to incorporate interactive elements to enhance user engagement and keep visitors interested.
- We aim to utilize SEO best practices to improve visibility and attract more organic traffic.
- We will gather user feedback regularly to make continuous improvements and tailor the experience to their needs.

Macsonik Team   **Macsonik** ↗

- We focused on showcasing the Mac's sleek design and powerful features to attract potential buyers.
- We ensured high-quality images and videos to give users a detailed view of the product.
- We included customer reviews and testimonials to build trust and credibility around the Mac.
