OBJECTIVE

I am a dedicated and results-driven Frontend Developer (Angular), with 3 years of experience in crafting dynamic and responsive user interfaces using Angular CLI, Angular Materials, Bootstrap, CSS. I have successfully contributed to the design and implementation of web applications that deliver desired user experiences.

EDUCATION

Bachelor of Computer Science, Dr. Bheem Rao Ambedkar University - Agra   2012 - 2015

EXPERIENCE

Frontend Developer (SDE-1)   16 May 2022 - till
Dhwani RIS Pvt Ltd   *Plot94, Sec 44, Gurugram*

- Currently, I have been working with this Organization as a Frontend Developer with Angular for the past 2 years and delivering my duties and experience for the growth of the company and for me as well. Worked on multiple projects like **IDH, MyKartavya, ThingQBator, CienaSpaces** and used such libraries for charts like **Chart.js**, maps with **Leaflet** and attractive UI using the **Angular Materials Framework**.

Jr. Mobile Developer (Ionic/Angular)   Jan 2021 - Jan 2022
Ballistic Learning Pvt. Ltd.   *SSR Tower, Faridabad*

- Worked as a Mobile developer on Ionic for Moodle apps which is a Hybrid platform. My latest work history that I have developed the AIIMS Learning Management APP for the AIIMS Hospital, which is also being uploaded on the Play Store / App Store.

Analyst   Jan 2017 - Jan 2019
HCL Technologies   *Lucknow, UP*

   -Worked as Analyst (Tech Support for Code Java - Applet)

PROJECTS

Dhwani RIS Projects:-

- Currently working on a project started from scratch known as **IDH-Instep**, based on the Industrial Park, Factories management for the water wastage, air pollution control and resources/workers handling, which combines modules like **Dashboard, Profile, Impact Stories, IPSA**

- Along side, holding some other projects as well, like **ThingQBator CienaSpaces** based on the student learning portal and attending meeting/events created by the mentor.

Ballistic Learning Project:-

- Created an mobile application from scratche for **AIIMS** learning management system based on Moodle.
