Key Skills

React.Js

Javascript

HTML

CSS

Typescript

Redux

Node.js

MongoDB

Expressjs

Dart

Flutter

React Native

Profile Summary

I am a MERN stack developer with a B.Tech(IT) degree from 2022 and 2 years of experience. My expertise includes front-end technologies like React, JavaScript, HTML, CSS, SCSS, React Native and TypeScript, and back-end technologies like NodeJS and Express. I also have experience using Dart and Flutter for cross-platform mobile app development. With a strong understanding of software development principles and a passion for coding, I am eager to tackle new challenges and contribute to any organization I work with.

MERN Fullstack Web Developer Koders Korp LLP

2021 - Present

In my role as a Junior developer, I managed a team of developers and completed more than 10+ projects for prominent clients, including the German and Indian governments. During this process, I acquired expertise in state-of-the-art technologies such as Swift, Dart, and Typescript, which I utilized to develop highly responsive websites for our clients.
