INTRODUCTION

Driven and Diligent graduate in IT engineering, ready to launch a career in the Tech sector. Equipped with a robust academic background and an ardor for ingenuity, I am ready to put my abilities and expertise to use by making valuable contributions to IT initiatives. I'm dedicated to lifelong learning and challenge adaptation. I have a strong interest in investigating cutting-edge technologies and resolving challenging issues.

EDUCATION

•**B.Tech in Information Technology**	*2019-23*
ABES Institute of Technology, Ghaziabad, Uttar Pradesh, India	CGPA: 7.51
•**Senior Secondary**	*2019*
CJM Waverley, Uttrakhand	Mussoorie
•**Secondary Education**	*2017*
The Aryan School	Dehradun

EXPERIENCE

•**CodeAssure (OPC) Pvt. Ltd.**	*April 2024 – Till Date*
QA Engineer and Design Lead	Ghaziabad, U.P.

– Collaborated closely with product managers, developers, and designers to ensure seamless integration of QA processes into the development lifecycle.
– Conducted regular code reviews, design critiques, and QA audits to maintain high standards of quality and usability.
– Worked with the design team to refine user interfaces, ensuring a consistent and user-friendly experience across platforms.

•**AppSuccessor Media Pvt Ltd**	*Oct 2023 – April 2024*
QA Engineer	Noida, India

– Conducted thorough testing of software applications, including functional, regression, and performance testing, to identify and report defects, ensuring adherence to quality standards.
– Developed comprehensive test plans and test cases based on project requirements and user stories, effectively communicating test objectives and strategies to the development team.
– Utilized automated testing platforms such as Fiddler, Frida and Charles to streamline testing processes, significantly reducing testing time and improving efficiency.
– Collaborated closely with cross-functional teams during all phases of the software development lifecycle, actively participating in meetings and providing valuable feedback to enhance product quality and usability.

•**Q Spiders: Testing Training Institute**	*April 2023 – Sept 2023*
Engineer Trainee Intern	Noida, India

– Successfully completed an internship at Q Spiders Noida, gaining hands-on experience in learning coding languagesas Java and database management with MySQL.
– Participated actively in structured training sessions and practical assignments, acquiring a solid understanding ofJava programming concepts and SQL queries for MySQL databases.

ACADEMIC PROJECTS

•**E-commerce Website**
– Led a dynamic academic project focused on designing and developing an E-commerce website from scratch, showcasing proficiency in front-end technologies such as HTML, CSS, JavaScript, and back-end technologies such as Python.
– Collaborated with a multidisciplinary team to implement key features including user authentication, product browsing, shopping cart functionality, payment processing, and order management, demonstrating strong project management and communication skills.

TECHNICAL SKILLS AND INTERESTS

Languages and Concepts Python, HTML,Automation Testing, Manual Testing, Java
DatabasesMySQL
Soft Skills Synergistic, Result-driven, Receptive, Time management, Leadership
CertificationsObject-Oriented Programming with Java, Introduction to Python Structuring Machine Learning Projects Python Data Structures Introduction to HTML Developing Soft Skills and Personality
