## Professional Summary

---

- Motivated frontend developer with 2.3 years of experience designing and building responsive web applications using ReactJS, JavaScript, HTML, CSS, and Redux.
- Proven ability to enhance user experiences, boost performance, and deliver scalable UI components within agile teams.
- Proficient with Git, VS Code, and experienced in collaborating with cross-functional teams to deliver high-impact features.
- Adaptable, team-oriented, and quick to embrace new tools and frameworks in dynamic environments.

## Professional Experience

---

Hype Digitech

Dec 2023 – Present

- Redesigned core UI components for the hotel platform, resulting in improved user interaction and a 20% boost in page load performance.
  - Implemented real-time field validations onBlur, onChange, and onSubmit to improve form reliability.
  - Integrated RESTful APIs to dynamically render customer data and hotel operations.
  - Applied React Suspense and dynamic imports to enable code-splitting and improve app performance.
  - Achieved 85%+ test coverage through unit testing React components with Jest.
  - Managed global state with Redux and implemented seamless routing using useNavigate from React Router.
  - Translated Figma design mockups into reusable components, collaborating with design teams.
  - Participated in peer reviews, knowledge sharing, and QA coordination for UAT deliverables.
  - Reviewed code for 8 team members, reducing bugs by 15% and boosting code consistency.
  - Resolved bugs and production issues raised by business and QA stakeholders.
- Worked As an Intern 8ASE, Bangalore  
Frontend Developer  
Aug 2022 – Dec 2023
  - Worked on component development using React.js and JavaScript for schema extensibility modules.
  - Used Axios for API data consumption and routed views with React Router.
  - Transformed Figma UI assets into responsive web layouts.
  - Led defect identification using browser dev tools; optimized console and runtime issues.
  - Reviewed code from peers and helped maintain code quality and project standards.
