(Noida, Uttar Pradesh)

EXPERIENCE

- **System Engineer | Wipro Limited**
  (*27th Sept. 2021 - Present*)

  I was assigned to my first US based project United Nations High Commissioner for Refugees (UNHCR). Firstly, in this project I worked in L1 level team where all L1 task had to be handle by me. All the task which I had been assigned was related to technical issues or query. The technical issue like Network, Server, VMs, O365 and AWS etc. Within 5 months I moved to server team where I am deploying servers as per the Client request and support the server related issue or query for Client. Have hands-on experience on **Meraki cloud**, **PRTG**, **Cisco Prime and AWS(EC2).**

EDUCATION

- B.Sc (IT) | Keraleeya Samajam Model College, Mumbai   *CGPA*: *8.87 | (June'2018-Aug'2021)*

- XII (State Board) | Keraleeya Samajam Model College, Mumbai   *67.54% | 2018*

- X (State Board) | R.T.P High School, Mumbai   *86.40% | 2016*

ACADEMIC PROJECTS

- **Courier Transfer Tracking System**
  An application through which user track their Courier or parcel and get to know about about their parcels- Java, Google Firebase, XML.

SKILLS

- **Java**
- **HTML, CSS, JavaScript**
- **Python**
- **C++**
- **MySQL, SQL**
- **MS Office**

ACHIEVEMENTS / HOBBIES

- Have received a certificate for getting 1st rank in Debug Competition
- I mostly like to read articles related technology.
