SUMMARY

Dedicated and detail-oriented web developer with a passion for crafting exceptional user experiences. Proficient in a range of web development technologies, including HTML, CSS, JavaScript, React.js, Next.js, Express.js, Node.js, and MongoDB. Eagerly seeking an opportunity as a MERN Stack Developer, and Front-end Developer to apply my skills in delivering effective and efficient web solutions.

EXPERIENCE

Front-End Developer

Burger Desire

April 2023- June 2023, Noida, India

- Enhanced Burger Desire's website UI with React.js and Sass, focusing on aesthetics and user-friendliness.
- Ensured site reliability through rigorous testing, swiftly addressing issues for a seamless user experience.
- Collaborated across the project lifecycle, providing creative solutions and optimizing coding practices for better website performance.

PROJECTS

PenChapters (Full Stack)

<https://penchapters.vercel.app>

- Developed a feature-packed and responsive Full Stack Blog Application utilizing Next.js, Prisma, MongoDB, OAuth, and Firebase.
- Utilized OAuth and Firebase to authenticate users, while optimizing data management with Prisma and MongoDB to create a secure and high-performing blogging platform.

Amazon Clone (Full stack)

<https://clone-amazon-aman.netlify.app/>

- Developed an Amazon clone site using Node.js, React.js, and MongoDB that served 50+ product categories with realtime search and cart functionality.
- Implemented automated payment systems with Stripe API integration, securely authenticated user details using Auth0 and optimized the site for greater user engagement with reduced pageload times to 1.5 seconds.

Portfolio

<https://dubeyaman.netlify.app>

- Comprehensive display of skills, professional background, qualifications, and achievements.
- Constructed a personal portfolio website employing React, Sass, email.js, and GSAP, leading to a 68% surge in viewership and a remarkable 165% upsurge in new opportunities.

FaerLyf Website

<https://faerlyf.netlify.app>

- Designed and developed a website according to the client's specifications and requirements.
- Created a visually captivating vacation tour booking platform with React, Sass, and engaging animations, improving user experience and aesthetics.
