CAREER OBJECTIVE

Aiming to work in a competitive environment and leverage proven leadership, teamwork and technical skills to lead upon a path of success and contribute to the growth of the company as well as to my professional career. I value the experience gained on different phases of Software development lifecycle. My personal motto has been to believe in my potentials and to give more than my best in whatever activity I take up and I believe in continuous learning for myself and others in the team. I do my bit in sharing knowledge and enhancing my knowledge to perform better. I always stay ready to take new challenges and get a learning from them.
