EDUCATION

National Institute of Technology Agartala

Master of Computer Application Computer Application

CGPA: 7.68

Agaratala, Tripura

2012 - 2015

EXPERIENCE

Humanitics Dimestions Software Pvt Ltd | Software Developer

Noida, India | 2023 - Present

- Designed and developed dynamic, responsive web applications using Angular for the front end and Node.js for the back end.
- Implemented RESTful APIs to facilitate communication between the client and server.
- Participated in code reviews, providing constructive feedback to ensure code quality and adherence to best practices.
- Monitored application performance and resolved bottlenecks to enhance user experience.
- Developed and executed unit tests and end-to-end tests using tools like Jasmine, Karma, and Protractor to ensure application reliability.
- Debugged and resolved issues in a timely manner, improving application stability.
- Designed and managed databases (e.g., MySQL, PostgreSQL) to ensure efficient data storage and retrieval.
- Created and optimized complex queries and stored procedures for data manipulation and reporting.
- Participated in code reviews, providing constructive feedback to ensure code quality and adherence to best practices.
- Utilized Git for version control, managing code repositories and collaborating on feature branches

Digital Navigation Pvt Ltd | Software Developer

Noida, India | 2021 - 2023

- Designed and developed responsive user interfaces using Angular, ensuring a seamless user experience across devices.
- Collaborated with UI/UX designers to translate design wireframes and prototypes into functional web applications.
- Optimized application performance through code splitting, lazy loading, and efficient data binding techniques.
- Integrated third-party services and APIs, enhancing application functionality and user engagement.
- Implemented authentication and authorization mechanisms using JWT and OAuth for secure access control.
- Participated in Agile ceremonies such as daily stand-ups, sprint planning, and retrospectives, contributing to continuous improvement of team processes.
- Stayed updated with the latest industry trends, tools, and technologies related to Angular and Node.js to enhance skills and improve project outcomes.

SKILLS

Programming Languages:	JavaScript, TypeScript, HTML, CSS, JQuery, Java
