Professional Summary

Passionate and creative Full Stack Developer | Building Web Applications with Innovation with expertise in Java, HTML , CSS , Javascript ,React, Node.js, Express.js and MongoDB. Skilled in designing and developing responsive web applications with a focus on user experience . Committed to collaborative teamwork and leveraging cutting- edge technologies for efficient and scalable solutions. A Full Stack Web Developer , driven by a motivated attitude and a versatile skill set.

Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2023	Master of Commerce (Commerce)	Mahatma Jyotiba Phule Rohilkhand University Barielly	61.0%
2020	Bachelor of Commerce (Commerce)	Mahatma Jyotiba Phule Rohilkhand University Barielly	62.0%
2017	Intermediate (Class XII)	K.C.M School Moradabad	74.0%
2015	Matriculation (Class X)	Adam & Eve's Convent School Moradabad	79.0%

Internships

Masheye Infotech Pvt Ltd | Full Stack Developer

February 2024 - Present

Full-Stack Development: Developed and maintained web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js), ensuring seamless integration between front-end and back-end components.

Front-End Design: Implemented responsive user interfaces using React.js, leveraging modern JavaScript features and libraries to enhance user experience.

Back-End Development: Designed and developed RESTful APIs using Express.js and Node.js, facilitating smooth data exchange between client and server.

Database Management: Utilized MongoDB to design and optimize database schemas, ensuring efficient data storage and retrieval. function well on various devices.

Agile Methodologies: Participated in agile development processes, including sprint planning, daily stand-ups, and retrospectives, to improve team efficiency and project outcomes.

Problem Solving: Identified and resolved performance bottlenecks and technical challenges, implementing innovative solutions to improve application performance and user experience.

Projects

Portfolio | Newton School ([link](#))

January 2023 - January 2023

CodeURL: <https://github.com/Anam0702Khan/Portfolio>

Features:

- It has section of About me, Contact, My Skills and the Project Section.
- In contact me section I have used formspree to send users messages to me on email

TECH STACK: React.js, JavaScript, HTML, CSS ,Bootstrap

LINKEDIN CLONE | Newton School ([link](#))

December 2022 - December 2022

CodeUrl: <https://github.com/Anam0702Khan/LinkedIn-Clone-React>

Features:

- It is accessible on various devices phones, tablets and computers.
- It has the feature to like a post .
- It has the feature to create a post .
- It has the feature to try premium.
- It has the feature to display the profile of the users,

Tech Stack : React, Redux, Javascript , Html , Css and Material-UI

Description:

LinkedIn is a professional networking platform used for job searching, professional development , and building professional connections. The LinkedIn Clone will offer users a similar experience , enabling them to create professional profiles, connect with others , and explore job opportunities .

CodeUrl : <https://github.com/Anam0702Khan/Jio-Cinema-Clone---React-Project-1---0yzhq3r0pnt5>**Features**

- **Extensive Content Library:** It provides a vast library of movies, TV shows, documentaries, and original content across various genres.
- **My Watch List:** Users can create a personalized watchlist, adding titles they want to watch later.
- **Cross-Device Compatibility:** It is accessible on various devices, including smartphones, tablets, smart TVs , and computers that allows users to watch on any device.
- **Video Player:** Video player with controls for play, pause , and volume.

Tech Stack

React, Redux , HTML , Css , Javascript

Description

Jio Cinema Clone ,your gateway to a world of unlimited entertainment ! Immerse yourself in a seamless streaming experience with our vast library of exclusive shows, blockbuster movies, and original content. Explore , discover and binge-watch without limits on any device , anytime , anywhere .

CodeUrl :<https://github.com/Anam0702Khan/Movie-Booking-JS---JS-Major-Project-Movie-Booking---Post-Class---uxur4gigjwnw>**Features : -**

- fully-responsive work on any device.
- It maintains the record of the booked seat number .
- It shows the user which seats are available to book and which are already occupied.

Tech Stack : -

HTML, CSS, Javascript.Bootstrap

Description : -Movie Hall is a platform where the user can easily book their seats for the movie that he wishes to watch..

Certifications**Newton** | Student

November 2022

- Full Stack Web Development and Problem Solving
- Participated in various coding contests held by Newton School
- Technical Stack Learnt : HTML ,CSS, JavaScript , React Js, Node.js, Express. MongoDB, Java and Data structure and Algorithms. Worked on various projects.
- Complete various assignments of each language.

Skills

Computer languages HTML, CSS, Javascript, Java

Software Packages NodeJS, Bootstrap, Tailwind CSS, React, Express JS, Mongo DB

Co-Curricular Activities

- Participated in coding challenge based on DSA held by Newton School
