Summary

Dynamic and results-driven B.Tech graduate specializing in Computer Science and Engineering, with a strong foundation in web development. Possessing a solid academic background and hands-on experience in creating web applications using HTML, CSS, and JavaScript. Dedicated to continuous learning, I am enthusiastic about leveraging my technical skills to design user-friendly and visually appealing websites. Known for effective problem-solving, teamwork, and leadership abilities. Eager to contribute my expertise to innovative projects and further enhance my web development skills in a collaborative environment.
