## OBJECTIVE

---

"Software Engineer with adept problem-solving skills and strong team collaboration abilities. Passionate about continuously acquiring new skills and gaining diverse experiences."

## EDUCATION

---

**Oriental Institute of Science And Technology**

Bhopal, MP, 2020-2024

B.Tech in Information Technology and Engineering, 8.37 CGPA

## INTERNSHIP

---

**Code Clause, Java Development Intern**

July-August, Bhopal, MP, 2023

Enhanced **user interface design** and optimized **resume creation workflows**. Contributed to increased **user engagement** and implemented a Java-based **password generator**. Strengthened **cybersecurity practices** through algorithm optimization for **password generation**.

## PROJECTS

---

**Exploratory Data Analysis – Global Terrorism**

Perform exploratory data analysis on global terrorism datasets using **Python in Jupyter Notebook**. Employ **essential libraries** such as **NumPy, Pandas, Seaborn, Matplotlib** to unveil insights into trends, **geographical patterns**, and **attack characteristics**. Present a **comprehensive analysis report**, leveraging the specified libraries to enhance the understanding of global terrorism dynamics.

**Travel And Tourism Management System**

Create a comprehensive Travel and Tourism Management System using **Java, incorporating Swing and AWT for a user-friendly interface**. Implement **MySQL as the backend database to efficiently store and manage travel-related data**, enhancing the overall functionality of the system.

## SKILLS

---

**Programming :-** C , C++ , Java , Python , Dart , HTML , CSS , JavaScript.

**Database :-** SQL.

**Familiar :-** Object oriented programming , Data Structures , PowerBI , Operating System , DBMS

## CERTIFICATIONS

---

Certified at **Coursera** in **Dart Function Framework**.

Certified at **CISCO** **Cybersecurity Essentials**.

Certified at **HackerRank** **intermediate** problem solving.

Build Dashboard in **Power BI - Coursera**.

## ACHIEVEMENTS

---

5\* rating on **Hacker-rank**.

Solved 250+ problems on **LeetCode**.

Designed and created a Netflix dashboard using **PowerBI**.
