## Personal Profile

I am highly skilled and motivated with a strong background in computer science. Recently graduated, I have acquired a solid foundation in various programming languages, frameworks, and web development technologies. With a passion for creating innovative and user-friendly web experiences, I am excited to contribute my skills and knowledge to a dynamic team.

## Education

**OP Jindal University, Raigarh (CG)**     **June 2023**
*B.Tech (Computer Science and Engineering)*     *GPA: 8.2/10*

**Lion's Public School, Renukoot (UP)**     **-2019**
*CBSE Board - 12th*     *67 Percentage*
**Coursework: Physics, Chemistry, and Maths with Computer Science**

**DC Lewis Memorial School, Renukoot (UP)**     **-2017**
*ICSE Board - 10th*     *57 Percentage*

## Technical Skills

**Languages/Database**: Java, SQL, Javascript
**Web Technologies**: HTML, CSS, Tailwind CSS, React JS, Javascript, Animation, Locomotive and GSAP
**Software & Tools**: Git and Github, VS CODE , IntelliJ

## Experience

**Hindalco Industries Ltd.**     **Nov 2022 – Feb 2023**
*Web Developer Intern*     *Renukoot, (UP)*

- Provide training and support to system designers and users
- Analyze information to determine, recommend, and plan layout, including the type of computers and peripheral equipment modifications.
- Develop and maintain websites and web applications using HTML, CSS, JavaScript, and other relevant programming languages and frame-works.
- Implement responsive web design principles to ensure optimal viewing experiences across multiple devices.
- Collaborate with the cross-functional team, including designers, marketers, and project managers, to deliver high-quality products on time.
- Soft Skills: Teamwork, Time Management, Communication, Presentation skills.

## Projects

**OBYS AGENCY CLONE** | *Link*

- Developed a fully functional clone of Obys Agency, a platform for connecting clients
- Utilized technologies such as HTML, CSS, JavaScript for front-end development, and implemented Locomotive, GSAP and Animation.
- Enhanced proficiency in Frontend Web development by working on the Frontend of the project.
- Developed problem-solving abilities through overcoming challenges such as handling asynchronous operations and implementing complex features like the booking and review system.
- Learnings and Achievements:
  Enhanced full-stack development skills, Proficient in RESTful API development, Strengthened database management abilities, Improved problem-solving and collaboration skills, Deepened understanding of user-centered design principles.

## Certifications

**Certificate 1 [Internshala]**: Web Development Training
**Certificate 2 [UpGrad]**: Core Java Basics
**Certificate 3 [AWS community builder]**: 7-Day Bootcamp on Front End Web Development with React JS and Javascript
**Certificate 4 [Google Developer Student Clubs]**: 7-Day Bootcamp on Front End Web Development with React JS and Javascript
**Certificate 5 [Udacity]** : AWS Machine Learning Foundations course
