PROJECTS

TOUR AND TRAVEL WEBSITE

Developed a Dynamic Tour and Travel Website using HTML,CSS and Javascript providing an engaging user interface and seamless navigation.

Key Features

- **Navigation:** Highlight how you ensured seamless navigation throughout the website. This could include using intuitive menus, breadcrumbs, or other navigation aids.
- **Responsive Design:** If the website is responsive (i.e., it works well on both desktop and mobile devices), mention this as it's increasingly important in today's multi-device environment.
- Integrated Google Forms for streamlined feedback and query collection, enhancing user satisfaction and optimizing customer service.

E-COMMERCE WEBSITE

Developed a dynamic e-commerce website by using HTML,CSS and JavaScript, providing an engaging user-interface and seamless navigation.

Key Features

- **User-friendly Interface:** Emphasize your ability to design intuitive and easy-to-navigate interfaces that enhance user experience and encourage engagement.
- **Responsive Design:** Emphasize your skills in developing responsive web designs that provide consistent user experience across different devices and screen sizes, including desktops, tablets, and mobile phones.
- **Product Catalog Management:** Showcase your expertise in managing product listings, including product categorization, descriptions, images, and pricing.
