CAREER SUMMARY:

I have knowledge in Java and React, with hands-on experience in full-stack development. Proficient in JavaScript, React.js, MySql and related technologies, I have developed scalable, responsive applications. Eager to bring my adaptability, technical expertise, and innovative mindset to contribute effectively to your team.

SKILLS:

- Java
- React
- MySql
- JavaScript
- Node.js
- Express.js
- HTML/CSS
- RESTful APIs
- MongoDB
- Firebase

RELEVANT PROJECTS:

Real-Time Messenger Web Application

Technologies Used :- React, Firebase, JavaScript, HTML, CSS

- Developed a responsive, real-time messaging web application using React for the frontend and Firebase for backend services.
- This project showcases proficiency in modern web development practices and real-time database management.
- Real-time message synchronization across multiple devices

Custom Web-Based Music Player

Technologies Used :- JavaScript, HTML, CSS

- Intuitive user interface with play, pause, skip, and volume controls real-time progress bar and time display.
- This project demonstrates proficiency in front-end web development and audio manipulation in the browser.

EDUCATION:

2021 - 2024 | CHAUDHARY CHARAN SINGH UNIVERSITY
Bachelor of Computer Application - BCA

2020 - 2021 | CBSE BOARD
12th

2018 - 2019 | CBSE BOARD
10th

INDUSTRIAL TRAINING:

Java Full Stack Training

Ainwik Infotech | August, 2023 - March, 2024

- Completed comprehensive training in Java Full Stack development, focusing on both front-end and back-end technologies. Gained practical experience in building scalable web applications

MERN Stack Training

Ainwik Infotech | March, 2024 - September, 2024

- Acquired in-depth knowledge of the MERN stack (MongoDB, Express.js, React, Node.js). Developed hands-on projects that reinforced skills in building full-stack applications with real-time data handling.
