India | +91 9639249173 | bhaskarkashyap02@gmail.com | [Linkedin](#) | [Github](#) | [website](#)

Full-Stack Developer with expertise in designing, developing scalable web applications. Proficient in modern JavaScript frameworks, backend technologies, and cloud infrastructure, delivering intuitive user-centric solutions.

SKILLS

- **Languages:** JavaScript, TypeScript, HTML, CSS
- **Frontend:** ReactJS, Redux, NextJS, Tailwind CSS, Shadcn/UI
- **Backend:** Node.js, Express.js, FastAPI, Python
- **Database:** MongoDB, PostgreSQL, MySQL, Redis
- **Dev Tools:** Git/GitHub, Docker, CI/CD, Webpack, AI SDK, Figma
- **Others:** Headless CMS, Webflow Development, Web Architecture

EXPERIENCE

Web Application Developer | Self-employed | Remote Jan 2022 – Feb 2024

- Improved application usability and performance with intuitive front-end designs and server side.
- Delivered an intuitive, high-performance interface that enhanced user experience
- Created and integrated **RESTful APIs** to handle data between client side and server side.
- Wrote backend with Node.js and Express.js to support application features and ensure smooth operation.
- Design a modern, user-friendly UI for a SaaS web platform, optimized for efficiency and user experience.

PROJECTS

[FormBuilder](#) | **ReactJS, NextJS, TypeScript, TailwindCSS, SQL, Zod, Zustand** 2024

- Built a form builder platform and optimized front-end performance using the **Next.js** features.
- Created intuitive drag-and-drop form designer interface that allows users to populate and edit forms.
- Implemented type-safe code with TypeScript. Managed application state with Zustand and integrated SQL
- Integrated real-time form previews and live editing, allowing users to view changes instantly before sharing.

[Task Tracker](#) | **NextJS, NodeJS, MongoDB, TypeScript, TailwindCSS, Shadcn/UI** 2025

- Designed a responsive frontend dashboard where users allowing to view all projects, create tasks linked to specific projects (project/task hierarchy), and track progress seamlessly.
- Implemented secure user authentication using **JWT**, ensuring robust access control and data protection
- Enhanced user experience with intuitive UI components and cross-device compatibility.
- Built a scalable backend with MongoDB and Next.js API routes, supporting efficient storage and retrieval of project and task data.

EDUCATION

Bachelor of Science (CS) Aug 2016 – Aug 2019

Gurukul Kangri Deemed To Be University

- **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory,

ADDITIONAL DETAILS

- **Certification:** JavaScript Algorithms and Data Structures | Responsive Web Design - (freeCodeCamp, 2021)
- **Open Source:** Published copyclip npm package and contributed to React-based libraries. - [Link](#)
- **Languages:** Hindi and English.
