

Kavita Chauhan

FullStackDeveloper | SoftwareEngineer |
Database Developer

Email: kavitachauhan0212@gmail.com

Mob: +91-7838919014

Add: Ghaziabad, India

Professional Summary

Innovative software engineer with a strong foundation in programming and problem-solving. Proficient in multiple programming languages and software testing. Proven ability to design and implement scalable, efficient, and maintainable software solutions. Passionate about staying up-to-date with emerging technologies and collaborating with cross-functional teams to deliver cutting-edge products.

Education

2018-2022

B.TECH(CS)

Hi-tech, GZB

CGPA: 7.73/10

2017-2018

INTERMEDIATE

DHTSVM, Ghaziabad

Percentage: 65.4%

2015-2016

HIGH SCHOOL

CSHP Public School, Ghaziabad

CGPA: 8.6/10

Skills

LANGUAGES

Java, C, SQL

FRAMEWORKS

Spring Boot (Basic)

TOOLS

GIT, GitHub, VS code, IntelliJ idea, VS code (Community), Postman, MS Office

DATABASE

MySQL, PostgreSQL

COURSEWORK

Data Structure and Algorithm, OOPS, DBMS

Experience

Technical Associate at code91

- Resolved student's doubts and provide comprehensive guidance on Data Structures and Algorithms (DSA) problems, facilitating their understanding and enhancing their problem-solving skills.
- Conducted mock interview to effectively prepare students for technical interviews, assessing their knowledge and delivering constructive feedback for improvement.
- Collaborated with fellow teaching assistants to develop and implement innovative teaching strategies, enhancing the learning experience for students.
- Assisted in creating and reviewing course materials, ensuring their relevance and effectiveness in enhancing student comprehension.
- Provided individualized support to students, fostering a positive and conducive learning environment.

Extracurricular Activities

Volunteered for Yuva Sangam

Became one of four members of the Yuva Sangam team, making substantial contributions as a dedicated volunteer.

Soft Skills

- Communication Skills
- Problem-Solving
- Adaptability
- Team Collaboration

Projects

Facebook

- Developed a feature-rich social networking application with seamless authentication, robust content management, and engaging social features.
- Created a secure and user-friendly sign-up, sign-in and sign-out functionality for users, implementing token-based authentication for enhanced data privacy and access control.
- Enabled diverse content creation, privacy settings, and social interactions such as friendships, following, comments, and activity feeds.
- Utilized tech stack including Core Java, Spring Boot, OOPS, JPA, MVC Architecture, MySQL, Postman and IntelliJ idea.

Cricket Informer

- Designed and developed a cutting-edge Java Spring Boot application to provide real-time updates on global cricket matches, ensuring cricket enthusiasts have access to live scores and comprehensive match summaries.
- Addressed the need for a centralized platform for cricket enthusiasts to stay informed about live matches and access detailed information on completed ones.
- Utilized a comprehensive tech stack including Core Java, Spring Boot, OOPS, JPA, MVC Architecture, MySQL, Dependency Injection and Web Scraping.
