HTML | CSS | SCSS | Javascript | NodeJS | React | Git&Github

Web Developer

Front-End Web Developer with expertise in HTML, CSS, and JavaScript. Proven track record of creating engaging and responsive websites. Skilled in UI/UX design principles and optimizing web performance. Eager to contribute my front-end development skills to innovative projects.

Projects

- **Project 1**
  Personal Portfolio | **LINK**

  Project Description: As a passionate and skilled web developer and designer, I specialize in creating visually appealing and highly functional personal portfolio websites using HTML, CSS, and JavaScript. My expertise lies in developing responsive, user-friendly websites that showcase my technical skills and design sensibilities. With a strong focus on clean, minimalist design, I ensure that every project I undertake is not only aesthetically pleasing but also optimized for performance and accessibility.

- **Project 2**
  Grocery Website | **LINK**

  Project Description: Aspiring Web Developer with a strong foundation in HTML, CSS, and JavaScript, complemented by hands-on experience in creating responsive and user-friendly websites. Recently designed and developed a responsive grocery website, focusing on providing an intuitive shopping experience with seamless navigation and efficient product categorization. Proficient in developing minimalist designs with a focus on clean typography and high-quality visuals. Demonstrated ability to collaborate effectively in team environments and deliver projects within deadlines. Eager to leverage my skills and passion for web development to contribute to innovative projects and enhance user experiences.

Academic (SCSE)

- BCA graduate with a passion for web development, bringing a strong foundation in computer science principles and a hands-on approach to creating responsive and user-friendly websites. Recently designed and developed a responsive grocery website. Proficient in HTML, CSS, and JavaScript, with expertise in front-end development and minimalist design.
- Demonstrated ability to collaborate effectively in team environments and deliver projects within deadlines. Eager to leverage my skills and passion for web development to contribute to innovative projects and enhance user experiences. Confident that my skills and experience make me a valuable asset to any company seeking a talented and versatile web developer.
