Seminars:

- Delivered a seminar on E-paper Technology.

Summer Training:

- Data Structure and Relational Database Design **Walmart Global Tech (Forage)**
- Android Development By **Shape My Skill at Buddha Institute Of Technology.**

Internship:

- Bharat Intern** **July'2023 - Aug'2023**
 During my Web Development virtual Internship program, I learned to design, build, and maintain web applications. Gain expertise in front-end (HTML, CSS, JavaScript, React.js) technologies. Collaborate on real projects, refine coding skills, and learn best practices under expert guidance.
- Octa Net Pvt Ltd.** **Aug'2023 – Sep'2023**
 During my Virtual internship in (Web Development), I had the valuable opportunity to create various websites and applications. This hands-on experience greatly improved my abilities in both front-end and back-end development. It helped me refine my expertise in web design, JavaScript, and server-side technologies.

Awards and Achievements:

- Secretary of Tagore Club: a club for enhancing one's writing skills.
