## PROJECT

### FAMILY BUDGET PLANNER

- This family budget planner is based on the spreadsheet that I use for my own finances. It was very useful for handling major life events such as how much we spend money.
- It is much good part is we know what's our saving and expenses in months or years.
- It a simple Dashboard in Power BI
- **Technology Used-** Excel Sheet and Power BI
- **GitHub** [Link](#)

### PORTFOLIO

- A Portfolio website that I build while learning React.js. I made this website for myself. I learned a lot about React.js and still, I am exploring React.js to learn as much as I can.
- **Technology Used-** React.js, AOS Animate on Scroll Library, HTML5, CSS3, VS code
- **GitHub** [Link](#)

## ACADMIC - PROJECT

### COLLEGE-BUDDY

- It was my last year's college major project where my role was as UI designer and front-end developer. While working with my college team I learned how to work as a team and a lot more.
- **Technology Used-** MySQL Database, JavaScript, jQuery, Spring Boot, Spring MVC, JPA, Bootstrap, CSS3, HTML5
- **GitHub** [Link](#)
