SKILLS

- Proficient in web development languages such as HTML5, CSS3, JavaScript.
- React.js, Next.js, JavaScript, TypeScript, MongoDB, Node.js, Context API and Redux for State management.

PROFILE

Dynamic Front-End Developer with extensive expertise in HTML5, CSS3, JavaScript, and frameworks like React.js and Next.js. I have a solid track record of delivering responsive, high-performance web applications that excel in cross-browser compatibility. As a collaborative innovator, I am dedicated to staying at the forefront of emerging technologies and industry trends, ensuring my projects consistently meet and exceed expectations.

WORK EXPERIENCE

WEB DEVELOPER

Adaan Digital Solutions Pvt. Ltd.

Mar 2020 - Jan 2024

- Crafted beautiful, highly effective web pages that performed brilliantly on mobile, tablet, and desktop.
- Built reusable code to utilize for other projects and used Redux for state management to minimize costs.
- Demonstrated expertise in HTML5, CSS3, object-orientated JavaScript, and React.js applications.
- Participated in pre-project analysis and technical assessments to validate the creation of a user-friendly interface.
- Through seamless API integration, I effortlessly harmonize diverse systems, transforming data exchange into a symphony of efficiency and functionality.
- Created user-friendly, effective, and appealing products for international customers through Wix Builder.

Note: Worked as a freelancer web developer (Mar-Oct 2024)

- Tailwind CSS, Material UI and API integration.
- Good knowledge of Programming languages including C++, Core Java and Hadoop(Big Data).
- Code Debugging.
- Git, Git Tools.

INTERPERSONAL SKILLS

- Confident and Determined.
- Empathy
- Active Listening
- Conflict resolution
- Leadership
- Positivity
- Ability to work as individual and also in team.

CERTIFICATIONS

- Worked on Google-certified Projects.
- Multiple Programming Language Certified.
- Various online coding tests completed.
- Been recognized as Employee of the Month in various quarters.

DECLARATION

I do hereby declare that the above information is true to the best of my knowledge.

ASSOCIATE ENGINEER (FRONTEND DEVELOPER)

Manana Innovations Pvt. Ltd.

February 2018 - Dec 2019

- Proficient in JavaScript frameworks such as Angular and React.
- Demonstrated expertise in HTML5, CSS3, object-orientated JavaScript, and large JavaScript applications.
- Designed and implemented website interface for mobile, desktop, and tablets.
- Contributed to back-end experience and collaborated on APIs.

PROJECTS

Checkout my Latest work on my [LinkedIn Profile](#).

• Food Delivery Web App (Next.js, Node.js, MongoDB)

Developed a full-stack food delivery platform with user authentication, restaurant management, search & ordering, and automated delivery assignment. Built with Next.js for the frontend, Node.js for the backend, and MongoDB for real-time data handling, ensuring a seamless and scalable user experience.

• Fill in the Blanks Quiz

An interactive quiz application built with React.js, featuring drag-and-drop fill-in-the-blank questions, real-time validation, and score tracking. The backend is powered by Node.js & MySQL and deployed on Render & Vercel. Designed for an engaging and seamless user experience.

• UNICEF for Children Donation Landing Page Project

Developed a dedicated landing page for UNICEF as part of a project aimed at increasing donations for children's causes. The page integrated a user-friendly donation form, allowing seamless contributions, and highlighted UNICEF's impactful work.
