## SUMMARY

Experienced frontend developer with **+6 months** of experience building responsive and user-friendly web applications. Proficient in **HTML, CSS, JavaScript**, and front-end frameworks such as **React.js**. Strong understanding of web development best practices and a passion for creating visually appealing and intuitive user interfaces. I am eager to continue learning and growing in this field.

## EXPERIENCE

### Frontend Developer

#### Unikorn

04/2022 - 06/2022 Hyderabad India

- Streamline all offerings with a new **responsive**, mobile-first approach and strategy which increased mobile **traffic by 35%**.
