Garima Tomar

Dear Hiring Manager,

Upon learning about the job posting with your company, I was eager to contact you with my interest. When reviewing the job description . I was excited to see how my experience aligns with your company' need and position requirements . From reading your company's website ,I feel your core mission and culture suit what i offer as a professional.

  As a Frontend Developer, I have honed my skills in building intuitive and responsive web applications that focus on both functionality and user engagement. My relevant qualification include my Master Degree in Master of Computer Application.   I have hands-on experience through personal projects and an internship where I built "**Money tracker web app using the MERN stack & build fully functional web application using a modern React + TypeScript frontend and a Node.js + Prisma backend.**

I have honed my skills in creating responsive and user-friendly web applications using modern technologies.

Technical Skills:

- **Languages & Frameworks:** HTML5, CSS, JavaScript
- **Frontend Frameworks**: React.js, Bootstrap, GSAP, Tailwind CSS
- **Version Control:** Git, GitHub, Vercel , Render
- **Tools & Platforms**: Visual Studio Code, Figma, Chrome DevTools
- **Designing Tools:** Figma, Canva
- **Backend & Database:** SQL Server,Node.js

I would love the opportunity to further discuss how my background aligns with your needs and the value I can bring to your team.

Thank you for considering my application. I look forward to the opportunity to speak with you further.

Sincerely,

Garima Tomar
