## Education

**Maharaja Agrasen Institute Of Technology**

*Bachelor of Technology in Electrical and Electronics (CGPA of 8.2)*

**August 2019 - June 2023**

*Delhi, India*

## Experience

**NAMASTE-REACT [TRAINING]**

**Dec 2022 – march 2023**

*Training course in React to enhance my skills*

- Completed an intensive training program focused on React.js development
- **Gaining practical** experience in building interactive UI and industrial coding practice .
- Acquired hands-on experience with **state management**, **component lifecycle**, and **asynchronous programming** in React.js.
- Implemented best practices in React.js development, including code splitting, lazy loading, and performance optimization techniques.

## Projects

**SPEECH-Blogs** | *React, JavaScript, HTML, Tailwind CSS, Redux-Tool-Kit, React-hook-forms, Appwrite* | GitHub

**4**

- Developed a feature-rich blogging website powered by **Appwrite** backend services.
- Implemented authentication system using Appwrite, ensuring secure user registration, login, and access control.
- Utilized **Auth Guards** to enforce security measures and control access based on user authentication status.
- Implemented comprehensive **form validation** using **Yup** for accurate data input and enhanced user experience.
- Enabled **CRUD** operations for authenticated users, allowing seamless management of blog posts.
- Implemented effective **file-handling** mechanisms for managing media files associated with blog posts.

**TUBIFEX** | *JavaScript, React Js, HTML, CSS, Tailwind-CSS, Redux-tool-kit* | GitHub

**4**

- Developed a video streaming web application using React.js and integrated YouTube **API** to fetch and display videos dynamically.
- Implemented responsive and intuitive user interface design for seamless navigation and optimal user experience.
- Implemented proper routing mechanisms using **React Router** to enable smooth transitions between different sections of the web application.
- Integrated search functionality with real-time suggestions and **Debouncing** , enhancing UI.

## Achievements

- I was selected for x-group in Indian **Airforce** In 2020.
- Contributed to open source projects through **Hacktober fest** 2023.
- **ranked 3rd** rank in BPIT College Coding Competitions
