Javascript

Aeo Logic Pvt. Ltd.

04/2023 - 07/2023

Noida

Project: User Management System

- Developed a User Management System as part of the internship at Aeo Logic Technology.Utilized JavaScript to create a responsive and user-friendly interface.
- Implemented user authentication, access control, and data management features.
- Documented the project, including technical specifications and user guides.

Technical Skills: : JavaScript - Tools/Technologies: Angular

CERTIFICATES

Java Full Stack (07/2022 - 04/2023)

Ducat Institute.

PROJECTS

Banking System

- In this project, I used java technology of web development. I used different technology like JAVA,HTML,CSS and Oracle. There are two module in my project that is User and Admin Module.
- First is user Module - User can signup on bank portal and then login to access the bank features like credit,debit their money and history etc.
- Second is Admin Module - Admin can manage all users transactions and data as well....

ACHIEVEMENTS

scout and guide(Academic Achievement)

It helps in building confidence and self esteem among the students. They learn important life-skills, team building ,outdoor adventure, education and fun. It helps them to explore.
