Projects

Client & Company Projects

1. DPMI India Website Revamp

Redesigned and modernized the DPMI India website to enhance UI/UX and performance. Focused on mobile-first responsive design, faster loading, and SEO optimization. Redesigned key sections like Homepage, Courses, and Contact using:

- **Tech Stack:** HTML5, CSS3, Bootstrap 5, JavaScript (ES6), React.js
- **Contribution:** Proposed UI improvements, implemented dynamic components, and ensured cross-device compatibility.

2. Senco Gold & Diamonds - E-commerce Redesign (Concept)

Conceptualized a modern frontend revamp of Senco Gold & Diamonds' platform to boost user engagement and performance.

- **Tech Stack:** React.js, Redux, HTML5, CSS3, Bootstrap 5, JavaScript (ES6)
- **Contribution:** Reimagined product catalog, filters, and cart system. Efficiently managed app state using Redux and built responsive, interactive UI.

3. Dream Events - Destination Wedding Site Redesign (Concept)

Designed a stylish and modern concept UI for a destination wedding company to enhance booking and planning experience.

- **Tech Stack:** HTML5, CSS3, Bootstrap 5, JavaScript (ES6), React.js, Redux
- **Contribution:** Built dynamic UI for destinations, planning forms, and client inquiries with smooth interactions and mobile-first design.

4. Three Be Staffing Website

Developed a professional staffing website from scratch for Three Be Staffing with a clean and responsive design.

- **Tech Stack:** HTML5, CSS3, Bootstrap 5, JavaScript
- **Contribution:** Created sections like About, Services, and Contact with a focus on user-friendly layout and fast loading across devices.

5. Fashion Nayka – E-commerce Clone

Built a complete e-commerce website clone inspired by Nykaa, including authentication, product listings, and shopping cart features.

- **Tech Stack:** React.js, Redux, Firebase, CSS
- **Contribution:** Integrated Firebase for real-time login/signup, used Redux for state management, and created a seamless mobile shopping experience.
