**Jeevam Health Pvt. Ltd.** | HTML, CSS, Javascript, Reactjs, Tailwind, Shopify  
Frontend Developer | 1, Jul, 2021 - 31, Dec, 2021

**Tech Stack** | MERN / MEVN

## Payroll Management System

- Automates the complex task of managing employee compensation, including salaries, wages, bonuses, deductions, and taxes.
- It will facilitate efficient payroll processing while ensuring compliance with local, state, and federal regulations.
- **Time and Attendance Integration:** Integration with time and attendance systems helps in accurately tracking employee work hours, which is essential for calculating salaries, overtime, and leave.  
Reduces the need for additional staff and minimizes the risk of costly payroll errors (Due to which approx. **7,500 their Gigers** were get their payrolls on time).

## Client Self-Service Portal

- This portal allows clients to access and manage their own information, such as account details, transaction history, personal information, orders, appointments,
- and other relevant data of their users which are working in Gigforce.  
Allow access to important documents, such as personal informations, compliances, invoices, and attendance of their users.

## Service Order Management System

- It will automates the management of different types of service orders, including installation, repair, maintenance, and other service-related tasks.
- Allows users to submit service requests, specifying the type of service needed and any relevant details.

## Education

---

- MCA from AKTU in 2021 with CGPA 7.24.
- B.Sc.(Mathematics) from CCS University Meerut, in 2018.
