EXPERIENCE

ORGANAISE | FRONT-END DEVELOPER

April 2023 – Present

- Developed more than 50% current features like file management, and invitation and worked with chat system
- Developed website using Material UI, React and Redux and ensured REST API integration while working in Agile methodology
- Responsible for Development, Debugging, deployment and testing of website

HOOGAAA | FRONT-END INTERN

Oct 2022 – Mar 2023

- Collaborated with 4 person team to develop a room, train website.
- Learned to develop a website from scratch using Chakra Ui, React and Redux
- Collaborated closely with the backend team to ensure seamless API integration and enhance website efficiency.

PROJECTS

PLANET | E-COMMERCE

Personal Project (Live)

- Build an e-commerce platform using Material UI, React, Redux JS toolkit, Node, ExpressJS and MongoDB
- Build UI from scratch and added features such as purchasing products, carts, orders, profiles, and a contact page
- Implemented backend using Rest API, adding authentication and JWT token security to the API using middlewares
- Added Razorpay payment gateway and developed a separate admin portal for adding, updating, and deleting products as well as a mail check option

ORGANAISE

Organaise (Live)

- Developed the Jobs and Gigs feature and integrated Google authentication for Sign In and Sign Up processes.
- Worked with chat feature using Web Sockets, inviting old and new users, and allowing single users to make audio-video calls
- Developed a file storage and management system that allows users to upload, store, and organize their files securely.

ROOMS TRACKER WEBSITE

Hoogaaa (Live)

- Develop Home page, creating property, floor, rooms and members with limited features for free users.
- Design website from scratch and attach feature of filtering, uploading images, responsiveness for all devices

TRAIN BOOKING WEBSITE

Hoogaaa (Live)

- Develop pages such as PNR, Search By Station, and a few other pages utilizing Material Design and Redux
- Integrated with third-party APIs to fetch real-time train schedules, availability, and pricing information
