SUMMARY

Software Engineer with more than 2 years of experience developing scalable web applications, with a strong focus on high-quality solutions and user experience. Skilled in modern front-end and back-end technologies, I thrive in agile environments and am dedicated to optimizing performance and implementing best practices. Proven track record in collaborative projects, delivering solutions that meet user needs and business goals.

TECHNICAL SKILLS

- **HTML:** Expertise in creating structured and accessible web content.
- **CSS:** Skilled in designing responsive and visually appealing user interfaces.
- **JavaScript:** Proficient in writing clean, efficient, and modern code.
- **Frameworks:** Experienced in building dynamic, interactive web applications using React.js, Next.js.
- **Bootstrap:** Adept at utilizing Bootstrap for responsive and mobile-first design.
- **Material UI:** Skilled in designing modern, consistent user interfaces with Material UI.
- **MySQL:** Basic knowledge of database management and querying with MySQL.
- **Supabase:** Familiar with Supabase for backend services like authentication, database, and storage.

Additional Skills:

- **RESTful APIs:** Experienced in integrating and consuming RESTful APIs for seamless data communication.
- **Version Control:** Proficient with Git and Git-based platforms (GitHub, BitBucket) for efficient collaboration
- **Design Tools:** Familiar with Figma for UI/UX design and prototyping.
- **Cloud Platforms:** Basic knowledge of cloud services like AWS, Firebase, or Azure for hosting and backend services.
- **Development Tools:** VS Code, GitHub, BitBucket, postman
- **Project Management & Collaboration Tools:** Jira (Agile Board), Confluence

PROFESSIONAL EXPERIENCE (2 Years)

Frontend Software Engineer – DeopersIndia
November 2022 – Present

- Developed and maintained features in projects using technologies like React and JavaScript.
- Implemented new features and enhancements based on user feedback and project requirements.
- Collaborated with designers to implement responsive and user-friendly interfaces, ensuring a seamless user experience across devices.

PROJECTS

Customer Capital Loyalty Portal (CCLP)
https://qa-cc-cclp-admin.ai-loyalty.com/

Client: Customer Capital

- Developed a comprehensive e-commerce platform in partnership with IDFC Bank, allowing users to view, claim, and manage coupons.
- Designed and implemented a user-friendly admin panel, enabling seamless content management and efficient backend operations.
- Oversaw the creation and design of homepage sections, ensuring the integration of personalized user deals, offers, and promotions.
- Implemented advanced security measures to protect user data and ensure the integrity of transactions.

PDF Generation
https://qa-fg-cc.ai-loyalty.com/

Client: Customer Capital

- Developed a robust user interface with backend integration to facilitate the generation of customizable PDFs using the Jodit Editor.
- Enabled multiple clients to create, edit, and manage PDF templates, ensuring flexibility and ease of use across the platform.
- Designed and implemented an admin panel for efficient content management, allowing clients to manage PDF templates, user inputs, and output formats.
- Collaborated with stakeholders to ensure the smooth integration of content and user-generated PDFs, maintaining high standards of accuracy and consistency.
- Implemented dynamic data binding within PDF templates, allowing real-time updates and content customization based on user inputs.
- Integrated file storage and retrieval systems, ensuring that all generated PDFs are securely stored and easily accessible for future reference.

EDUCATION

Bachelor of Computer Applications
Institute of Information Technology & Management (IITM), Janakpuri

Higher Secondary (12th Grade)
Columbia Foundation Senior Secondary School, CBSE

Secondary (10th Grade)
Columbia Foundation Senior Secondary School, CBSE
