WORK EXPERIENCE

Software Design Engineer-1 Newgen SoftWare Technologies Limited

09/2021 - 09/2022

Noida

Achievements/Tasks

- Designing REST API for the Business Rule Management System(BRMS). The Business Rule Management System is used by banks for automating their process.
- Worked on a Deployment Manager where I handled importing and exporting, creating a zip file, and validating the checksum of a file through Rest Endpoints.
- Worked on a Rights Management project which provides rights on every functionality of a BRMS to a particular user.
- Handled product issues of over 70 banks worldwide and providing production support independently.

Associate Software Engineer DAG

06/2020 - 09/2021

Delhi

Achievements/Tasks

- It is a multi-tenant web application that can be used by multiple organisations to track all the employees within an organisation.
