OBJECTIVE

As a fresher in front-end web development and aspiring full-stack developer, my objective is to leverage my passion for coding and creativity to contribute to dynamic projects. Additionally, I seek to enhance my skills in back-end development, databases, and server-side technologies to become proficient in full-stack web development. Through dedicated learning, collaboration, and problem-solving, my goal is to become a valuable asset to a forward-thinking team, while continuously expanding my knowledge and expertise in the field.
