SUMMARY

I am a skilled Front-End Developer with a passion for creating visually appealing
and user-friendly web interfaces. I specialize in translating design concepts into
clean, efficient, and standards-compliant HTML, CSS, and JavaScript code. With
a strong focus on responsive design, I ensure that the websites I develop provide
seamless experiences across devices and screen sizes

EXPERIENCE

PerfectionGeeks Technologies Pvt LTD   Gurugram Haryana

Front End Developer   05/2023 - Present

A company focused on technology solutions

- Designed and implemented a user-friendly email signature template, resulting
  in increased brand consistency across email communications
- Contributed significantly to the development of an Amazon reselling
  application, optimizing product listings and refining the shopping experience to
  drive user engagement and satisfaction.
- Led the front-end development efforts for projects in the construction
  industry, ensuring that websites were visually appealing and functionally
  efficient, leading to increased user engagement

Launchpad Fintech Pvt LTD   Gurugram Haryana

Front End Developer   04/2022 - 10/2022

A company specialized in fintech solutions

- Created visually appealing and responsive user interfaces using HTML, CSS,
  and JavaScript, implementing designs and layouts provided by UI/UX
  designers
- Worked with frontend frameworks such as React to build dynamic and
  interactive web applications
- Implemented responsive design techniques and frameworks like Bootstrap or
  CSS media queries to enhance usability
- Identified and resolved frontend-related issues, bugs, and performance
  bottlenecks
