EDUCATION

KIET Group of Institutions, Ghaziabad   **2019 - 2023**
Bachelor of Technology in Information Technology

Mahamritunjay Inter College, Chandauli   **2019**
Class 12th

SKILLS & CERTIFICATIONS

Technical Skills: JAVA(Int.), C++(Int.), HTML, CSS, JavaScript, React.js, Node.js, Express.js Qt Creator.
Certifications:
- The Complete Front-End Web Development course (Udemy 07/2020 - 08/2020))
- Introduction to Networks (CISCO 03/2022 - 05/2022))
- Introduction to Cybersecurity (IBM 05/2022 - 06/2022))

PROFESSIONAL EXPERIENCE

INTERN   **March 2023 – May 2023**
QUEST GLOBAL

- **Topic of Internship**: Simulation on Automation Train Protection System.

- Led the development of a Train Simulator using Qt Community Creator and C++, which included three main modules: a driver interface, train control center, and graphical user interface (GUI). Implemented Automatic Train Protection (ATP) concepts to ensure safe operation, featuring real-time speed updates and automated braking before station arrival. Developed a dynamic GUI that alerts operators with blinking indicators as the train approaches stations, turning red upon passage. Demonstrated strong project management skills, expertise in Qt development, C++, and innovative problem-solving in a collaborative team environment.

PROJECTS

Tic Tac Toe Game

March 2024 – April 2024

- I have developed a dynamic Tic Tac Toe game using HTML, CSS, and JavaScript, focusing on interactive gameplay and responsive design. This project highlighted my skills in front-end web development, problem-solving and adaptability

Pocket Notes App   **May 2024 – July 2024**

- Pocket Notes is a simple web application for creating and managing note groups. Each note group can be assigned a name and a color, and you can easily switch between different groups to manage your notes. The application is built using React and local storage to persist data. (*react-pocket-note.vercel.app*)
