Bikaner, IN | Aug 2023

UNIVERSITY COLLEGE OF ENGINEERING AND TECHNOLOGY

## WORK EXPERIENCE

**DUNES FACTORY | GRAPHIC DESIGNER**

Bikaner, IN | Dec 2021 – Feb 2022

- As a graphic designer at Dunes Factory Pvt. Ltd, my role involves creating social media posts and advertisement posts for clients.
- In my role, I would need to have a strong understanding of design principles and be able to create visually appealing graphics that are tailored to the specific needs of each project. I may also need to work closely with the marketing team and clients to understand their requirements and develop designs that effectively communicate their message.
- In addition to design skills, I may also need to have knowledge of various software tools such as **Adobe Photoshop, Illustrator, InDesign** and **Canva** to create and edit graphics. It may also be helpful to stay up to date with the latest design trends and techniques to ensure that your work is fresh and relevant.

## PROJECTS

**KONECTHO** 

HTML, CSS, JAVASCRIPT, BOOTSTRAP, REACTJS

- Developed an engaging introductory website for a unique delivery application using HTML, CSS, Bootstrap, and React JS.
- Created a visually appealing interface and ensured responsiveness using Bootstrap.
- Incorporated interactive elements and dynamic user experience with React JS.
- Emphasized smooth user navigation and integration of store selection functionality.

**BISSAG GROUP** 

HTML, CSS, JAVASCRIPT, BOOTSTRAP, REACTJS

Designed and developed an engaging introductory website for a hardware shop chain using HTML, CSS, Bootstrap, JavaScript, and React JS. The website effectively presents information about the shops, products available, and shop locations, providing users with a comprehensive overview.

- Utilized HTML, CSS, Bootstrap, JavaScript, and React JS to create an informative and visually appealing website.
- Integrated features to showcase shop details, product listings, and shop locations, enhancing user experience and facilitating informed choices.
- Ensured seamless navigation and an intuitive user interface, optimizing the presentation of critical business information.
- Implemented responsive design principles to guarantee a consistent experience across various devices and screen sizes.

**PORTFOLIO WEBSITE** 

HTML, CSS, JAVASCRIPT

Designed and developed a personal portfolio website using HTML, CSS, and Bootstrap on React JS. The website showcases my skills, projects, and professional background, providing an engaging platform to display my work and abilities.

- Built a visually appealing and user-friendly personal portfolio using HTML, CSS, and Bootstrap on React JS.
- Presented information about skills, projects, and professional experience in a clear and organized manner, enhancing the user's understanding of my abilities and achievements.
- Incorporated responsive design to ensure seamless access and navigation across various devices and screen sizes.
- Utilized Bootstrap to streamline the design process and enhance the visual aesthetics of the portfolio.
