

Love sharma

Full Stack Developer

H.No.509, Sec 51, Faridabad
Haryana, India-121001

Mob: +91 8700927304 E-mail: luvsharmagju31@gmail.com

Objective:

To secure a challenging position as a Full Stack Developer where I can leverage my expertise in React.js, Node.js, Express.js, Strapi, PostgreSQL, and Next.js to develop innovative and efficient web solutions. I aim to contribute to a collaborative and growth-oriented environment while continuously enhancing my skills in modern technologies and full stack development best practices.

Experience Summary:

- Full Stack Developer with hands-on experience in building scalable, performance-driven web applications using React.js, Next.js, Node.js, and Strapi.
- Proficient in both frontend and backend development, with a strong grasp of RESTful APIs, and modern JavaScript frameworks..
- Developed key features for an education-based platform (College18) to enhance user discovery through location-based college listings.
- Contributed to the development of a Learning Management System (LMS) with admin panel dashboards, video learning modules, and question management tools.
- Experienced team player with good communication and interpersonal skills who can work independently under Strong understanding of database integration, version control (Git), and agile workflows.
- Passionate about writing clean, reusable code and constantly learning new technologies to stay ahead in a fast-evolving industry.
- Excellent team player with strong problem-solving skills and the ability to deliver under tight deadlines

Vocso Technologies Pvt Ltd , Faridabad : (Oct 2024 – March 2025), as Full stack developer - next.js & strapi Service Based

Technical Skills:
