- Performance Testing
- 7 Principles of Software Testing
- Automated Testing
- Bug Tracking and Reporting
- Agile Methodologies
- API Testing with Katalon
- Cross-Platform Testing
- Tools/Technologies
  ->Selenium WebDriver, JIRA, TestNG, Postman

SUMMARY

I am a detail-oriented Quality Assurance Engineer with over 3 years of experience in software testing, particularly in automation and manual testing. I excel in designing test cases, executing test plans, and mastering tools like Selenium, JIRA, and TestNG. My ability to identify software defects and maintain high quality standards ensures that the projects I work on meet and exceed expectations.
