EXPERIENCE

Ecommerce Developer Intern

Sept. 2023 - Jan. 2024

Cnetric Global Inc. — Composable Commerce, Spryker, Postman, MACH, API-First

- Implemented MACH architecture principles to develop B2C and B2B e-commerce websites using Spryker Ecommerce tool during internship, enhancing understanding of modern e-commerce frameworks
- Leveraged Postman to efficiently fetch APIs for various tasks, including uploading product catalogues and managing data interactions.

PROJECTS

Portfolio Website | *React, Tailwind CSS, Framer Motion Library*

Feb 2024

- Developed a responsive React-based portfolio website using Tailwind CSS and Framer Motion, providing a modern UI/UX design
- Implemented multiple sections, including Navbar, Hero, About, Technologies, Work Experience, Projects, and Contacts, ensuring comprehensive information presentation.
- Utilized advanced animations and transitions with Framer Motion to enhance user experience and engagement.
- Optimized for cross-device compatibility, ensuring seamless performance and appearance on various screen sizes and devices. — [GitHub](#)

Hangman Game | *HTML, CSS, Javascript*

Jan 2023

- Developed a responsive Hangman game utilizing HTML, CSS, and JavaScript, showcasing proficient front-end development skills.
- Implemented functionality allowing users to guess letters of a randomly generated word within a limited number of attempts, enhancing user engagement and interaction.
- Integrated a dynamic hangman illustration feature, progressively revealing incorrect guesses on the gallows, demonstrating creativity and attention to detail in design implementation — [GitHub](#)

TECHNICAL SKILLS

- Languages:** C/C++, MySQL, HTML/CSS, JavaScript
- Frameworks:** React, Tailwind CSS
- Database:** MySQL, MongoDB, PostgreSQL
- Developer Tools:** Git, VS Code, Postman, Ui-Path, Microsoft Office Suite, Figma
- Areas of Operating System:** Windows 7/8/10

TRAININGS & CERTIFICATIONS

- Postman API Fundamentals Student Expert — by Postman**
 - Achieved Postman API Fundamentals Student Expert Certification, demonstrating proficiency in API fundamentals, Postman usage, request methods, scripting, and API key authorization for seamless application integration and development.
- Fullstack Web Development (MERN) — by GRASS**
 - Completed comprehensive Full Stack web development training with GRASS, gaining proficiency in front-end technologies including HTML, CSS, JavaScript, and Bootstrap, along with React as a frontend JS Library.
 - Acquired database management skills with MySQL as part of the technology stack.
