WORK EXPERIENCE

Frontend Developer(React JS) Escale Solutions

10/2022 - Present

Noida

At Escale Solutions, a leading IT solutions provider, I specialize in React JS development, actively steering technology, consulting, and marketing strategies. My role involves crafting innovative web solutions that enhance user experience and drive business growth.

Achievements/Tasks

- Specialized in React JS development, actively contributing to technology, consulting, and marketing strategies.
- Engineered seamlessly responsive designs for optimal usability.
- Successfully integrated a user-friendly CMS for effortless content management
- Implemented SEO best practices, resulting in elevated search engine visibility.
- Skilled in session management, cookies management, local storage, Redux management and redux toolkit

Assistant System Engineer Tata Consultancy Services

05/2021 - 10/2022

In my role at Tata Consultancy Services, I championed Agile methodologies, leading sprint planning and Scrum calls.

Achievements/Tasks

- Led and participated in Agile methodologies, facilitating sprint planning sessions.
- Proficient in eliciting and documenting user requirements.
- Demonstrated expertise in identifying, troubleshooting, and resolving software issues.
- Successfully executed end-to-end processes for implementing new features.

EDUCATION

B.Tech in Computer Science Dev Bhoomi Institute of Technology

06/2015 - 06/2019

SKILLS

React JS Next JS Redux Javascript
Typescript ES6 Tailwind CSS
Bootstrap Material UI Node JS HTML5
CSS3 Yarn/NPM Rest API Rest API
Semantic UI Data Structure API Integration

PROJECTS

Talencred (01/2024 - Present)

- As TalenCred's frontend developer, I conceptualized and executed the platform using Next.js, TypeScript, Tailwind CSS, and Material UI, enabling seamless collaboration between clients and users (agency or freelancer).
- Website Link - talencred.com

CSRL (10/2023 - 01/2024)

- Developed an admin panel and website for CSRL using Next.js, TypeScript, Tailwind CSS, and Material UI, aiding underprivileged individuals in accessing education.
- Website Link: csrl.escalesolutions.com
- Admin Panel Link - csrladmin.escalesolutions.com

Shubham Housing Development Finance (06/2023 - 10/2023)

- Developed a housing loan provider website and its admin panel using Next.js, JavaScript, Tailwind CSS, and Material UI.
- Admin Panel Link: <https://shubham.co/>
- Website Link: <https://admin.shubham.co>

Abgyan Oversees (03/2023 - 06/2023)

- Created an admin panel and website for abgyan.com, enabling real-time control over the entire website.
- Implemented with React JS, TypeScript, Tailwind CSS, and Material UI.
- Admin Panel Link: admin.abgyan.com
- Website Link: abgyan.com

Dailly, Warehousity (10/2022 - 03/2022)
