PROFESSIONAL SUMMARY

As an experienced Angular developer with over 6 month of experience, I have a strong understanding of the latest web development technologies and frameworks. My biggest achievement in my career has been successfully leading a team of developers to create a dynamic and user-friendly web application using Angular. I possess excellent problem-solving skills, which have allowed me to effectively troubleshoot and resolve complex coding issues. My attention to detail and ability to work in a fast-paced environment have also been key factors in delivering projects on time and within budget. I am highly proficient in HTML, CSS, JavaScript, and have a deep understanding of Angular concepts such as components, services, and routing. With my strong technical skills and dedication to continuous learning, I am confident that I will be a valuable asset to any organization as an Angular developer.
