

# NAND JI JAYASWAL

Frontend Developer | React.js | Next.js | Web Developer | MERN STACK Developer

📞 9589455168    @ jayaswalnandji@gmail.com     LinkedIn     Portfolio     Singrauli Madhya Pradesh

## PROFILE

A highly skilled Front-End Developer with **2.4 years** of experience specializing in HTML, CSS, Tailwind, MUI, JavaScript, TypeScript, and React.js. Passionate about building intuitive, responsive, and high-performance user interfaces, with a proven track record of transforming wireframes into seamless digital experiences. Adept at writing clean, maintainable code and optimizing web applications for speed and accessibility.

## PROFESSIONAL EXPERIENCE

**Total Experience :** I have **2.4 Years** of professional experience in Frontend Development.

**Applatus Technologies Private Limited, Front-End Developer** May 2024 - Jan 2025

### Education Planet - Admin Panel |

- A scalable Education platform that automates the entire education management system daily activity, streamlining workflows for 8 key roles: Admin, Super Admin, Data Generator, Uploader, Teacher, Reviewer, and Publisher

**Area of Responsibility :** Developed UI using HTML, CSS, JavaScript, React.js, Redux Toolkit, Chart.js, Tailwind, Axios, TinyMCE. increasing overall site performance by 20%, Optimized front-end components to improve performance on mobile and desktop platforms and collaborated with back-end developers to ensure seamless integration.

**Key Features :**

- **Automation:** Enhances efficiency, collaboration & time management.
- **Content Management:** Streamlines course creation & data processing.
- **Access Control:** Secure role-based workflow delegation.
- **Analytics Dashboard:** Real-time insights with Chart.js.
- **Optimized UX:** Responsive UI, smooth APIs, and rich text editing.

### Education Planet - Student Portal |

- A dynamic EdTech platform that automates student activities, enhancing learning efficiency and engagement.

**Area of Responsibility :** Developed UI using HTML, CSS, TypeScript, React.js, Storybook, Redux Toolkit with Thunk Middleware, Tailwind, Axios, TinyMCE Editor etc., increasing overall site performance by 20%, Optimized front-end components to improve performance on mobile and desktop platforms and collaborated with back-end developers to ensure seamless integration.

**Key Features :**

- **State Management:** Redux Toolkit.
- **Performance Optimization:** Code-splitting, lazy loading, API handling with Axios.
- **UI/UX Design:** Storybook for UI consistency, responsive design principles.
- **Rich Content Editing:** TinyMCE Editor integration.
- **Real-Time Features:** Notifications, Real time updates, interactive dashboards.
- **Collaboration & Communication:** Seamless Student-Teacher interaction, workflow automation.

### Education Planet - Past Paper Library |

- A free, ultimate learning hub offering a premium library of 10,000+ exam questions designed for academic success.

**Area of Responsibility :** Developed UI using HTML, CSS, JavaScript, React.js, Redux Toolkit, Draft.js, Tailwind, Axios etc, increasing overall site performance by 20%, Optimized front-end components to improve performance on mobile and desktop platforms and collaborated with back-end developers to ensure seamless integration.

**Key Features :**

- **Advanced Filtering :** Seamless navigation with filters for board, subboard, grade, subject, year, and more, ensuring precise resource discovery.
- **PDF Management :** View, bundle, and merge PDFs effortlessly for customized study materials.
- **Personalized Learning :** Create custom bundles, personalized question sheets, and bookmarks for a tailored study experience.
- **Optimized User Experience :** Fully responsive design, lazy loading, and code-splitting enhance speed and usability.
- **Real-Time API Integration :** Efficient data visualization and seamless resource handling for a smooth user experience.
- **State Management :** Redux Toolkit ensures fast, efficient data handling across the platform.

### Education Planet - TMS ( Teacher Management System ) |

- A smart teacher management system that automates attendance, homework tracking, and curriculum management with real-time notifications.

**Area of Responsibility :** Developed UI using HTML, CSS, TypeScript, React.js, Redux Toolkit, Chart.js, Tailwind, MUI, Axios, Formik etc., increasing overall site performance by 20%, Optimized front-end components to improve performance on mobile and desktop platforms and collaborated with back-end developers to ensure seamless integration.

**Key Features :**

- **Multi-Role Access:** Dedicated roles for Super Admin, Teacher, and Student.
- **Smart Attendance:** Topic-wise tracking with real-time notifications for students.
- **Homework Workflow:** End-to-end process from assignment to approval with doubt resolution.
- **Lecture Sharing:** Teachers can upload slides for batch-wide access.
- **Performance Insights:** Analytics powered by Chart.js for structured data visualization.
- **Optimized UX:** Enhanced efficiency with Redux Toolkit, Axios Interceptors, Tailwind, and MUI.

**Design of time co. Indore, MERN Stack Developer**

**Nov 2023 - April 2024**

### Alma Jewellery Website |

Alma Jewelry's Wholesale Shop is a prestigious online boutique offering exquisite jewelry collections for both women and men. Specializing in crafting fine pieces from premium gemstones and gemstones, including real gold, gold-plated, and silver jewelry, such as rings, earrings, chains, necklaces, bracelets, and pendants, all at wholesale prices.

**Area of Responsibility :** Spearheaded the development and maintenance of Alma Jewelry's website frontend, utilizing cutting-edge technologies including React JS, Redux Toolkit, HTML5, CSS3, Tailwind CSS, jQuery, and JavaScript ES6+.

**Key Features :** Admin panel management for comprehensive control over the frontend, including:

- Dashboard with sales overview, order management, and performance metrics.
- Localization for language and currency customization.
- Online store customization and blog management.
- Products management including categories, attributes, and stock management.
- Order management for online and local orders.
- Shipping and payment options management.
- Transaction management for shipping and payment processes.
- Customer management.
- Settings management for user roles and permissions.

## [Go-Gourmet Website](#) |

Developed an innovative online platform, Go-Gourmet, aimed at offering healthier and delicious snacks to customers. Focused on promoting a feel-good snacking experience while emphasizing health, flavor, and social impact.

**Key Features :** Admin panel management for comprehensive control over the frontend, including:

- Dashboard with sales overview chart, order management.
- Online store customization and blog management.
- Products management including categories, attributes, and stock management.
- Order management for online and local orders.
- Shipping and payment options management.
- Transaction management for shipping and payment processes.
- Customer management.
- Settings management for user roles and permissions.

**Area of Responsibility :** Spearheaded the development and maintenance of the entire frontend architecture of the Go-Gourmet website, ensuring user-friendliness and responsiveness. Employed cutting-edge technologies, including React JS, Redux Toolkit, HTML5, CSS3, Tailwind CSS, jQuery, and JavaScript ES6+.

## [RFG E-Commerce Website](#) |

- Conceptualized and developed an innovative online platform, the RFG Ecommerce Website, offering a diverse range of clothing variants tailored for women, including sarees, kurtas, leggings, and more. Implemented intuitive browsing features allowing users to explore various categories and efficiently filter items based on category and price preferences.
- Ensured secure payment processing by integrating the CCAvenue payment gateway, guaranteeing a safe and reliable transaction process.
- **Area of Responsibility :** Spearheaded the development and maintenance of the entire frontend architecture of the RFG Ecommerce Website, prioritizing user-friendliness and responsiveness.
- Leveraged cutting-edge technologies, including React JS, Redux Toolkit, HTML5, CSS3, Tailwind CSS, jQuery, and JavaScript ES6+, to create a dynamic and visually appealing user interface.
- Integrated REST APIs to seamlessly connect frontend functionalities with backend systems, facilitating smooth data exchange and enhancing overall system efficiency.

Sharpen Tech , Full Stack Developer

## TECHNICAL SKILLS

- **Frontend Development:** React.js, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Material UI, Chakra UI, Styled Components, SCSS/SASS, jQuery, Storybook, Drag and Drop.
- **State Management:** Redux Toolkit, Zustand, Context API.
- **Backend Development:** Node.js, Express.js, Firebase, Socket.IO, MongoDB, Mongoose, Redis.
- **UI/UX & Design:** Figma, Responsive Design, Animation (GSAP, AOS, Keyframes).
- **Data Visualization:** Chart.js
- **Rich Text Editing:** TinyMCE Editor
- **Performance Optimization:** Lazy Loading, Code Splitting, API Caching.
- **Version Control & Collaboration:** Git, GitHub, GitLab, Bitbucket.
- **Cloud & DevOps:** AWS S3, AWS EC2.
- **Agile Development:** SCRUM, JIRA, Kanban Board.
- **Testing & Debugging:** Unit Testing, Debugging, Chrome DevTools, Redux DevTools, React DevTools.
- **AI & Development Productivity Tools:** ChatGPT, Blackbox, Gemini, Copilot, V0.dev, Cursor.ai, CopyCoder.ai, Bolt.ai, Lovable.dev AI.

## PROFESSIONAL SKILLS

- **Collaboration & Leadership :** Frontend Lead, Agile Development, Team Leadership, Remote Team Management.
- **Creativity & Innovation :** UI/UX Design, Wireframing, Prototyping, Animation (GSAP, AOS), Responsive Design, Interactive Design.
- **Project Management :** Project Planning, Task Prioritization, JIRA, Time Management.
- **Problem-Solving , Bug-Solving & Optimization :** Debugging, Performance Optimization, API Integration, Code Optimization, Troubleshooting.
- **Client Communication :** Client Communication, Client Requirement Analysis, Business Requirement Gathering.
- **Communication & Collaboration Tools :** Slack, Discord, Google Meet, Zoom, Microsoft Teams.
- **Soft Skills :** Active Listening, Presentation Skills, Conflict Resolution, PR Merging, Documentation, Decision-Making.

## LANGUAGE KNOWN

- Hindi , English

## EDUCATION

- **LNCT BHOPAL - Bachelor of Engineering (B.E.) Electrical and Electronic** - Aug 2014 - June 2018 CGPA - **8.2 / 10**
- **12th - MP BOARD** - June 2012 - **72.2 %**
- **10th - MP BOARD** - June 2010 - **76.9 %**

## ACHIEVEMENT | AWARD

Awarded the 7th Chancellor Academic Achievement Award by RGPV University in 2018.
