Experience

Full Stack Developer   **07/2024 to Current**
SODE(School Of Distance Education)   **Noida, India**

- During my experience as a MERN Stack Developer, I effectively collaborated with cross-functional teams.
- Ensured clean, valid HTML and CSS markup conforming to industry standards. I developed LeadData reusable components that can be used in future projects with minimal effort.
- Collaborated with back-end developers to integrate user interface elements into applications.
- Developed and maintained user-facing webpages using HTML, CSS, JavaScript, and React.js.
- Debugged existing code to identify and fix bugs or performance issues.
- Implemented Redux for efficient state management, enhancing data flow, and ensuring seamless application performance.

WEB Development   **07/2023 to 08/2023**
TECHNOEDUTECH   **India**

- Developed a responsive login page using React, Ant Design, and CSS, leveraging React Hooks for state management, and ensuring cross-device compatibility for a seamless user experience.
- During my training, I developed a weather app using HTML, CSS, JavaScript, and ReactJS, displaying real-time weather data with a responsive design, and a dynamic user interface.

MERN Stack Developer   **05/2023 to 07/2023**
LEARN AND BUILD   **Jaipur, India**

- Completed training at Learn and Build, gaining hands-on experience in HTML, CSS, JavaScript, ReactJS, MongoDB, and Node.js, and developed full-stack projects to enhance practical development skills.
- Developed a YouTube clone using HTML, CSS, JavaScript, and ReactJS, featuring dynamic video rendering, responsive design, and a user interface to enhance the user experience.
