Carrier Objective

Creative full-stack developer with a background in computer science. Skilled in JavaScript, Node.js, Express, React, MongoDB, and UI/UX design. Passionate about web design and developing innovative **software** and **web applications**. Committed to continuous learning and eager to contribute to a forward-thinking tech environment.

Projects

APNI CHAT | [LiveSite](#) | [Code](#)*Jan-April 2024*

Description: Developed a feature-rich real-time chat application named ApniChat.

- Implemented real-time messaging using WebSocket for instant chat functionality.
- Facilitated efficient state management with ReduxToolkit, resulting in a 30% reduction in app load times and improved user experience..
- Utilized MongoDB for robust data storage of user information and chat history.
- Designed a modern and responsive user interface using Material UI for a user-friendly experience.

Doc Appoint | [LiveSite](#) | [Code](#)*Sep-Dec 2023*

Description: Developed a web app that simplifies medical appointment scheduling and management for patients and healthcare providers.

- Empowered patients with 24/7 self-scheduling capabilities for appointments and real-time doctor availability checks.
- Streamlined appointment booking processes using Express.js, resulting in a 50% reduction in administrative workload.
- Provided interactive dashboards with user analytics for admins, allowing for informed resource allocation.
- Technical Expertise: MongoDB, Tailwind CSS, Express.js, React, Cloudinary

Yt-Backened | [Code](#) | [Model](#)*ongoing*

Description: Using Mongo, Express.js, Node and other technologies, I'm building a backend for ytube.

- Optimized database structures to efficiently handle and manage large volumes of data.
- Optimized backend processes to reduce server load by 25%, enhancing application stability and scalability.

Education

Dr. Akhilesh Das Gupta Institute Of Technology & Management

B-tech In Information Technology

2020 - 2024

CGPA : 8.82 | New Delhi, India**Pusa Institute Of Technology**

BRANCH: ECE

2017 - 2020

CGPA : 8.19 | Delhi, India

Skills

- JavaScript
- Java
- C
- React
- HTML , CSS
- MongoDB
- Express.js
- Node.js
- Sql,Mysql
- TailwindCss
- MaterialUI
- Figma

Relevant Course

- Data Structures
- OOPS
- DBMS

WorkExperience

DevTown | Software Developer*July2023 -Sep 2023|Banglore*

- Worked with the design team to create an engaging and user-friendly experience for viewers.
- Implemented interactive features to enhance user experience (e.g., search functionality, video playback controls).
- Participated in code reviews and knowledge-sharing sessions to enhance team development
- Tech used were React, RestfulApi's TailwindCss.
