EDUCATION

Hi-tech Institute of Engineering & Technology, Ghaziabad	Aug 2020 – June 2024

Bachelor of Technology (Computer Science & Engineering)

Leelawati senior secondary school, Ghaziabad	Apr 2018 – Mar 2020

CBSE XII (PCM)

DAV public School, Ghaziabad	Apr 2016 – Mar 2018

CBSE X

TECHNICAL SKILLS

Language: Java & MySQL.
Tools & Frameworks: JDBC(basic), JSP-Servlet(basic),Hibernate(basic) ,Spring-Framework (Basic).
Areas of Interests: Backend Development & Android Development.

Certified Course: Java Expert (Ducat India)

EXPERIENCE

Java Development Intern	**Creater Adda**	July 2023 - Aug 2023

Internship
- Worked with the backend team to design and developed new features for the assigned applications.
- Coordinated with Tech and Product team in the identification of user's requirements.
- Used technology - Core Java

Java Development	**Ducat India**	May 2022 – Nov 2022

Training
- Completed a Java backend internship/training program focused on building enterprise-level applications using Java technologies such as JSP, Servlets, JDBC, and Spring Framework.
- Developed excellent teamwork, communication, and problem-solving skills in fast-placed work environment.

PROJECT

Password Generator Using Java	**Github**	Certificate	May 2022- Jul 2022

This project is associated with Creater Adda.
- Developed a robust and versatile password generator application in Java, capable of generating a comprehensive range of passwords encompassing numerical, special character, and alphabetic combinations, including both uppercase and lowercase variations .

College Connect (HIET APP)	**Github**	Certificate	Jan 2022 - Nov 2022

An Android app has been developed for students, allowing them to easily access study materials, the college website, and the college's YouTube channel.

Developed as a group project that is presented in CROSSROADS -2022 (technical/cultural competition) at Hi-tech Institute of Engg. And Techn. , Ghaziabad.
- Role: GUI Designer and Login Design Contributor
- Collaborated within a team of developers on the design and development of project.
- Responsible for conceptualizing and implementing the login interface, contributing creative insights that influenced the project's aesthetic and usability.

CAREER SUMMERY

- Final year Computer Science Engineering student with a passion for technology and a desire to become a skilled software engineer.

- Dedicated and motivated individual with a strong work ethic and passion for software development.
