Profile

A creative and passionate Front End Developer with a flair for design. Proficient in **HTML, CSS, and JavaScript**. I have a keen interest in coding and web development. I enjoy researching and learning about new technologies. Currently, seeking a challengeable position to show and utilize my skills and abilities in a dynamic tech environment that offers me the professional growth while being resourceful, innovative and flexible.

Professional Experience

Web Development Intern

CodSoft

- Designed and built a **landing page** for a **flight company**.
- Collaborated with other interns to solve complex problems and learn from each other.
- Gained insights into web development's role in the software.
- Contributed to **team discussions and problem-solving**.

Projects

Financely - Personal Finance Tracker

Personal finance tracking application using **React** and **Firebase**

- Creation of the sign-up page using the popular **Ant Design library**.
- Implemented user authentication, including **Google authentication**, to ensure secure access to the application.

DSky - Where Dreams Take Flight

Developed a high-conversion landing page UI for DSky Airlines by using HTML and CSS.

- **User-Friendly Design:** Created an intuitive and visually appealing layout to ensure a seamless user experience.
- **Service Highlights:** Emphasized DSky's top-notch services such as in-flight entertainment, premium seating options, and exceptional customer support.
