

# PRAMOD KUMAR NISHAD

Software Development Engineer (SDE-I)

📞 8090761262, 7007989771    @ nishadpramod.001@gmail.com    📍 VPO- Lohra, Atraulia, Dist- Azamgarh UP

## SUMMARY

I am a passionate software developer with a strong background in web application development using React Native and related technologies. My experience includes leading projects that enhance user experiences through improved performance and interface design. I excel in working collaboratively, applying Agile methodologies, and conducting thorough testing to ensure stability and user satisfaction.

## EXPERIENCE

### SDE-I

#### EduNinza Tech Private Limited

📅 12/2023 - Present

A tech company focused on developing innovative educational solutions.

- Designed and developed web applications using React.js, HTML5, CSS3, and JavaScript for dynamic user interfaces.
- Improved site performance by reducing page load time by 30% and overall performance by up to 50%.
- Led multiple projects like Ninza HRMS and EasyEduLab App through design, API integration.
- Applied Agile methodologies to enhance task prioritization and internal communication, reducing project completion time by 20%.
- Conducted extensive testing and debugging, ensuring stability and reducing post-release issues to 15%.
- Proficient in version control systems like Git and GitHub for efficient team collaboration.
- Collaborated with designers to turn wireframes into responsive web applications.

## PROJECTS

### Ninza HRMS

📅 12/2023 - Present

Ninza HRMS is a complete Human Resource Management System providing solutions for efficient employee management.

- Developed user-friendly interfaces for employee management, attendance tracking, payroll, and performance evaluation.
- Integrated features enabling real-time decision-making for HR processes.

### EasyEduLab App

📅 12/2023 - Present

EasyEduLab App enables easy access to educational management tools for users.

- Created a multi-channel educational management application facilitating access to resources and management tools.
- Implemented responsive enrollment and exam scheduling features.

## KEY ACHIEVEMENTS

### Key Achievements in Web Development

Successfully enhanced the user experience and site performance significantly through proactive design and development strategies.

### Project Leadership

Led high-impact projects like Ninza HRMS and EasyEduLab App, facilitating better HR management and educational resources.
