Shanti Dham Sr. Sec School, Atarra, U.P.

High School
2018

PROFESSIONAL EXPERIENCE

MERN Stack Developer

Subhx Info Tech | Sept 2023 - Oct 2024 (Full Time)

- Developed and maintained full-stack web applications using the MERN (MongoDB, Express, React, Node.js) stack, ensuring seamless integration and smooth user experiences.
- Developed and maintained responsive and high-performance React.js and Next.js components for multiple projects.

React & Next js Developer

LeapStrat Interactive | Nov 2024 - Feb 2025 (Contract)

- Developed and maintained responsive and high-performance React.js and Next.js components for multiple projects.
- Collaborated with designers, backend teams, and project managers to deliver quality solutions while contributing to code reviews and architectural improvements.
- Stayed updated on frontend technologies to enhance performance and user experience.

Free Lancing

2021 - 2023 July

- Proficient in React.js, Next.js, Redux, TypeScript, and modern styling frameworks like Tailwind CSS, with expertise in building responsive and interactive user interfaces.
- Experienced in backend development using Node.js and Express.js, with in-depth knowledge of MongoDB, MySQL, Mongoose, and Sequelize (ORM) for database management.
- Skilled in WebSocket implementation for real-time communication and API integrations, following RESTful API standards.
- SEO principles, and performance optimization techniques, along with deployment and DevOps tools like Git, Bitbucket, and AWS.

PROJECTS

Crypto Trading Exchange (Coinspe.com)

- Developed with Next.js, Redux, and Tailwind CSS, featuring real-time market data, user authentication, trading interface, wallet management, and security measures.
- Project Demo: <https://coinspe.com/>

AceSocial Website

- Designed and developed the official website for AceSocial, using Next.js and Tailwind CSS. Implemented modern UI/UX principles for an intuitive and visually appealing user experience.
- Ensured mobile-first design and cross-browser compatibility
- Built the backend with Node.js, implementing RESTful APIs and database integrations.
- Integrated a payment gateway using Stripe for seamless transaction processing.
- Demo: <https://www.acesocial.com.au/>

Bold Thread Website

- Platform Overview: Bold-Thread is a web platform that offers personalized style recommendations and curated fashion selections to help users enhance their wardrobes.
- Technology Stack: Built with React for the frontend, Node.js for the backend, and MongoDB for database management, the platform is hosted on AWS for scalability and reliability.
- Demo: <https://bold-thread.com>

Sheryians Coding School

- Sheryians Coding School is an educational platform offering courses in web development, coding, and design.
- I worked here on a contract basis, contributing to projects using React, Node.js, and MongoDB to develop scalable and dynamic web applications.
- Demo: sheryians.com

Givingli

- A digital gifting platform offering personalized cards and gift experiences with secure payment integration.
- Demo: givingli.com

Unation

- UNATION is a platform to discover local events, create, and sell tickets. It allows event organizers to manage and promote activities, making it easier for people to find things to do nearby.
- Demo: unation.com

2Me Digital

- A digital platform providing marketing and branding solutions for businesses.
- Demo: 2me.digital

LawBot Africa

- An AI-powered legal assistance tool for automated legal document generation and advice.
- Demo: lawbot.africa

Elara Technology

- A technology services platform offering AI and cloud solutions for businesses.
- Demo: elara.technology
