Having 5 Years of experience in Web Application & Mobile Application testing in past companies**.**
I have worked on multiple domains like E-commerce, Collaboration Tools, Communication, Booking Portal, Social-Media, Funding, Learning, MLM, Payments, and Live Streaming.

Below I have mentioned in brief some of the different type projects Web Application and Mobile App I have worked with.

Project # 1	Home Hardware Center
Duration	Sep 2017 – Mar 2018
Team Size	3
Role	Software Manual Test Engineer
Clients	https://www.homehardwarecenter.com/
Platform	Tested across multiple browsers on both platform windows and MAC.
Tools	Version one, Screencast, Skype

Description: -

Home Hardware Center's is purely based on an e-commerce platform based in the US and Canada.
HHC will do everything necessary to help your project go smoothly and be completed on time.

Project # 2	Orgill, Orgill.ca (Vendor specific E-commerce platform)
Duration	Feb 2018 – Nov - 2018
Team Size	4
Role	Software Manual Test Engineer
Clients	https://www.orgill.com/
Platform	Tested across multiple browsers on both platform windows and MAC.
Tools	JIRA, Screencast, Skype & Google Drive

Description: -

Orgill, Inc. is the world's largest independent hardlines distributor with projected 2018 sales of $2.5 billion. The privately owned company was founded in 1847 and is headquartered in Memphis, TN. Orgill serves more than 6,000 retail hardware stores, home centers, pro lumber dealers, and farm stores throughout the United States and Canada, and over 50 countries around the world.

Project # 3	MindStaq
Duration	Jan 2018 – Feb 2019
Team Size	2
Role	Software Manual Test Engineer
Clients	https://www.mindstaq.com/
Platform	MAC & IOS
Tools	JIRA, Screencast, VPN Server

Description: -

MindStaq enables teams to efficiently create, coordinate and manage tasks, collaboratively write powerful digital documents, share notes and files, communicate with context-based messages, and publish information to colleagues and customers — within a single application.

Project # 4	Clear Caption
Duration	March 2019 – Feb 2021
Team Size	4
Role	Software Manual Test Engineer
Clients	https://clearcaptions.com/
Platform	Clear Caption Android Device
Tools	TestRail, ADB, Vysor, Jing, Monosnap, JIRA/ Confluence, Data Generator and ODM Tool.

Description: -

Clear Captions is a call captioning service that provides near real-time display of caller's words during phone conversations, a service intended for individuals whose hearing loss inhibits their phone use. Like captioned television, Clear Captions allows you to see the words your callers say, made possible by our revolutionary home phone or mobile device app. Clear Captions phone captioning service is available to individuals who are hard-of-hearing and have hearing loss that necessitates their use of the service. To qualify for Clear Captions products and services you must be a U.S. resident and certify that your hearing loss inhibits your ability to use the phone.

Mobile App	Domain	Technology
EaseMyPuja	Live Consultations / Puja Booking App	Flutter, NodeJS, PostgreSQL, Firebase
Baaboo	Marketplace App	Flutter, NodeJS, PostgreSQL, Firebase
Space Hero	Parking & Hire Driver App	React Native, NodeJS, PostgreSQL, Firebase
Mocklee	Schedule Mock Interview App	Flutter, NodeJS, PostgreSQL, Firebase
KlaBazar	Talent Hiring App	Flutter, NodeJS, PostgreSQL, Firebase
Champ Cash	Live Streaming App	Android, PHP, MySQL, Firebase
Trading Club	Trading / Shopping App	Flutter, NodeJS, PostgreSQL, Firebase
Value Connect	Social Media App	React Native, NodeJS, PostgreSQL, Firebase
Meaticious	Meet Delivery App	React Native, NodeJS, PostgreSQL, Firebase
