## PERSONAL PROJECTS

### Pharmanest

- Pharmanest is project I did during my MCA. The project was a web site where a user could buy medicines and other related products online. I used Java for backend and HTML, CSS and Bootstrap for frontend.

### ShowDekho

- Show Dekho is project I did during my MCA. The web site offered the user to buy online tickets for movies, plays and other events. I used Python-flask for backend and HTML, CSS and Bootstrap for frontend

### OnlineMeal

- A responsive food delivery website (Static) during my BCA using HTML and CSS and also deployed it, you can see it by copying the mentioned link and open it through the browser. (<https://loving-mirzakhani-c3f47c.netlify.app/#home>)
