## PROFESSIONAL SUMMARY

---

Experienced Software Developer with 1+ years of hands-on expertise in Frontend Technologies. Proficient in React JS and Angular with understanding of Micro-services architecture. Ability to adapt to new technologies and solve complex technical challenges.

## WORK EXPERIENCE

---

### Political Data Intelligence, Bengaluru

Feb 2023 – Jan 2024

Software Developer

- Contributed to the development of PDI 5.0, a product aimed at enhancing political campaign management through advanced canvassing features.
- Led the implementation of Door To Door Canvassing Features from concept to deployment, ensuring seamless integration with existing systems.
- Utilized React JS and GraphQL to develop Approve/Review Canvasser, Manage Canvassing Assignment, and Edit Volunteer Information features, enhancing user experience and functionality.
- Collaborated closely with cross-functional teams including product management, design, and quality assurance to gather requirements, design solutions, and deliver high-quality software on time.
- Engaged in troubleshooting and resolving technical issues, ensuring smooth operation and optimal performance of the application.

### ADSAT ENGINEERS PRIVATE Ltd, Delhi

Nov 2020 – Jul 2021

- Installed High Power Amplifier (HPA) and SSPA at various prestigious organisations including ISRO, DRDO, Airtel, and AAI (Airports Authority of India).
- Conducted site surveys to assess installation requirements, ensuring optimal placement and alignment of antennas for maximum performance.
- Coordinated with project managers, site supervisors, and stakeholders to schedule installations, minimize disruptions, and meet project deadlines.
- Implemented rigorous quality control measures during installation, testing, and commissioning phases to ensure compliance with industry standards and client specifications.
- Provided on-site technical support and troubleshooting expertise to address any installation issues or operational concerns, ensuring smooth functionality and customer satisfaction.
- Collaborated with cross-functional teams including engineering, procurement, and logistics to procure necessary equipment, tools, and materials for installations.
- Maintained accurate documentation and records of installations, including equipment configurations, test results, and maintenance activities, for future reference and auditing purposes.

## SKILLS

---

- Programming Languages: JavaScript, TypeScript
- Frontend Technologies: React JS, Angular, HTML5, CSS3, Sass
- RESTful APIs
- Version Control Systems: Git Agile Development Methodologies
- Problem-Solving and Analytical Skills

## CERTIFICATION

---

**Web Development**  
Masai [!\[\]\(529949c2c3dadbaa4e538e8c643454bc\_img.jpg\)](#)

Feb 2022 – Dec 2022

## EDUCATION

---

**Bachelor in Technology, Electrical Engineering**  
Haldia Institute of Technology, 8.02 CGPA

2015 – 2019 | Haldia

**Higher Secondary Education**  
S K P Vidya Vihar, 80.4%

2013 – 2015 | Bhagalpur
