EDUCATION

Dr. A.P.J Abdul Kalam Technical University

Uttar Pradesh, India

Bachelor of Technology - Computer Science & Engineering (8.05 CGPA)

08/2018 – 07/2022

WORK EXPERIENCE

• KiwiTech

Noida, India

ReactJS Developer - (2yr 10m Exp)

03/2022 – Present

• Quasar Markets

- Developed a chat box feature enabling users to submit inquiries, receive responses from the API, and view these responses within the user interface.
- Established distinct sections within the platform, including areas for recently asked questions by users, saved queries, and a live feed of ongoing questions.
- Created a text search feature allowing users to search for specific words within the chat window, with results displayed and highlighted for easy reference.
- Implemented scheduling functionality for questions, like we do scheduling events in platforms such as Google Calendar.
- **Tech stack:** ReactJS, Redux Toolkit, RTK Query, HTML, CSS, Git, Agile Methodologies(JIRA).

• Harvard-Club

- Integrated Twilio Chat for third-party chat functionality, enabling group discussions within a single chat window accommodating multiple users.
- Developed an events section featuring filters for categorizing events, options to create new events, a comprehensive event listing, and a search function for events.
- Created a chatbot interface facilitating user queries, with API-driven responses seamlessly displayed within the user interface for enhanced user interaction.
- **Tech stack:** NextJS, Redux Toolkit, TypeScript, Axios, Git, HTML, CSS, Agile Methodologies(JIRA).

• Resource-Kit

- Developed Multi-step Forms with extensive validations, such as the Add New Project form and the Add New Client form.
- Utilized chart libraries to visually represent data (e.g., bar charts, pie charts) for resource visualization, including handling multiple filter sections.
- Implemented a loading skeleton view across the project to enhance the user interface experience.
- **Tech stack:** ReactJS, Redux, HTML, CSS, Git, Agile Methodologies(JIRA).

SKILLS SUMMARY

- **Languages:** JavaScript, TypeScript, ReactJS, NextJS, HTML, CSS3.
- **Tools:** GitHub, Jira.
- **Platforms:** Windows, Linux, MacOS.

HONORS AND AWARDS

- Recognized as a nominee for Employee of the Month once and received spot recognition twice within the company for my contributions.
- Received numerous client appreciations, consistently earning a perfect 5 out of 5 rating for project work.

LICENSE AND CERTIFICATION

- Web Development: (issued By Udemy).
